

PROJECT INFORMATION SHEET

AGRICULTURE AND DANUBE WATER POLLUTION PRODUCTS AND ACTIVITIES: NGO GRANTS

The following is a table of Small Grants provided by the UNDP-GEF Danube Regional Project (DRP) to non-governmental organizations (NGOs) in the Danube River Basin (DRB). The following grants promote the reduction of water pollution from agriculture in the DRB.

Grants were distributed in two rounds, each with their own set of Regional (multi-country and multi-NGO) Grants and National (one country, one NGO) Grants. The first round had two Regional Grants and 25 National Grants related to agriculture and Danube water pollution. The second round had two Regional Grants and 24 National Grants related to agriculture and Danube water pollution.

GRANT NAME	LEAD NGO	AGRICULTURAL ACTIVITIES
1ST ROUND		
REGIONAL GRANTS		
Addressing Nutrient and Toxic Pollution in the Sub-basins of the Morava, Mura and Ogosta rivers. (SK, BG, SLO)	Daphne	-promote enviro-friendly methods -workshop to reduce pollution Ogasta Basin
Support and Promotion of Ecological Agriculture in the Production Areas Located in the Danube Basin. (CZ, SM, SK)	Pro Bio	Major agro work
NATIONAL GRANTS		
BOSNIA		
Knowing pesticides and their use	Green Vrbas, Srbac	-educate producers, students, to reduce pesticide use
Nutrient Source Reduction on Area of Municipalities of Visoko and Kladanj	Fondeko-Assotiation for Sustainable Development Stimulation and Quality of Life	-reduce fertilizers and manure in Bosnia River
Building a Partnership in Local Community against Nutrient Pollution	COOR Centre for Environmentally Sustainable Development, Sarajevo	-educate farmers on BAP
BULGARIA		
Care and Responsibility for Our River	Ecomission 21 Century, Lovech	-inform farmers
Eco-accnt – Plant Growing in Dobrudzha	Black Sea NGO Network, Varna	-inform farmers
Development of Partnership for Reduction of Pollution of the Yantra River Basin	NM Ecoglasnost	-guide for farmers how to meet law

GRANT NAME	LEAD NGO	AGRICULTURAL ACTIVITIES
CROATIA		
Promoting Methods of Eco- and Organic Agriculture	Europe House Vukovar	-informing farmers about eco-farming
What Has to Be Known about Nutrients and Toxic Ingredients in Danube Environment	Franjo Koscec Society for the Protection and Improvement of Human Environment, Varazdin	
Agriculture for Life: Agriculture as a Friend to Animals – One Step in the DRB Pollution Reduction	Eleonora Society for Nature and Environment Protection	
CZECH REPUBLIC		
Public Participation on Improving Water Quality in Horni Olsava Basin	CSOP Veronica, Brno	-inform public on fertilizer pollution
Eco-farming Campaign in Morava River Basin	EPOS Eco-Farming Advisors Association	-promote eco-approaches
HUNGARY		
Water Quality Protection in South Great Plane Region	Csemete	
Chemical-Free Agriculture on Floodplains	WWF Hungary	
Bio-agriculture in Bodrog-Koz Floodplains	MAKK	
Toxic and Nutrient Reduction in Sajó River Valley	Green Action Association	
MOLDOVA		
Developing Capacities to Promote Organic Farming to Reduce Nutrient Pollution in the DRB (covers Falesti District Area)	Cutezatorul	
ROMANIA		
Promoting Measures to be Undertaken for the Reduction of Agricultural-Originated Nutrient Pollutants in the Mehedinti County Danube Basin	Speo-Alpin MH Mountain Tourism and Ecology Association	-farmers and public
Promoting and Implementing Organic Farming Practices for the Reduction of Chemical-Farming Substances in the Low DRB	BIOTECH Foundation	
SERBIA AND MONTENEGRO		
Organic Agriculture: The Step Towards DRB Preservation	Terra's	
The Environmental Value of Moravica Watershed and Pollutants Identification	Experts Network Citizen Association, Aleksinac	-some farmer education
Tara – Welfare and Obligation	Society of River Tara Friends	-education campaign
Towards Pollution Reduction of Upper Stream	Green Network of Vojvodina	-education

GRANT NAME	LEAD NGO	AGRICULTURAL ACTIVITIES
SLOVENIA		
Promotion of Organic Farming, Environmental Farming Standards	Slovenian Union of Organic Farmers	-educate and promote
UKRAINE		
Carpathians without Pesticides – Clean Danube	WETI Journalist Environmental Public Org.	
School of Environmental Leadership	New Generation All-Ukrainian Public Association	-local recommendations to reduce farm emissions
2ND ROUND		
REGIONAL GRANTS		
Cross-sectoral Cooperation for Good Water Quality Management on Lower Danube Farms (BG, RO)	Association for Integrated Rural Development, Bulgaria	-2 model farms, encourage BAPs, influence national policy
Best Agricultural Practice in my Farm (BG, RO, MD)	Black Sea NGO Network, Bulgaria	-compliance with national legislation, develop BAP concept
NATIONAL GRANTS		
BOSNIA AND HERZEGOVINA		
Improvement of Water Protection for Farms and Slaughter Houses in the Sava River Basin	Local Initiative for Development LIR, Banja Luka	-change behavior, educate consumers, strengthen public participation
Save the Spreca River (Sava River Basin)	Development Association NERDA/Ekopot/Radio Kameleon, Tuzla	-promote BAP, reduce chemical use, raise awareness
Let Clean Water Flow Down the Ukrina, Sava and Danube Rivers in to the Black Sea	Ecological Society Ekologika/NGOs Forum Derventa	-touches on pesticide use
BULGARIA		
To Stop Danube River Nutrient Pollution	World for Everyone Association, Silistra	-encourage manure BAP
Establishment of Informational and Educational Centre in Town of Vidin	Bulgaria in Europe Association, Vidin	-investigate BAP
CROATIA		
Promoting Methods of Eco and Organic Agriculture - 2nd phase	Europe House Vukovar, Vukovar	
CZECH REPUBLIC		
Meadow Society - Nutrient Indicators in the River Basin	Daphne	-inform farmers - agri-env programmes
Moravian Carst - A Model Site of Protected Surface and Underground Carstic Waters in the Danube Basin	Renesance of Country Association	-good agro in karst -business plan with company
Organic Agriculture for Water Protection - Instructional Presentation and its Use for Moravia River Basin	Bioinstitute o.p.s., Olomouc	-promotes eco-agro
HUNGARY		
Chemicals-Free Zone along the Átalér	Center for Environmental Studies (CES)	-promote investments

GRANT NAME	LEAD NGO	AGRICULTURAL ACTIVITIES
Chemical Reduction and Pollution Prevention Campaign	Clean Air Working Group	-demonstration for farmers
MOLDOVA		
Public Involvement in the Process of Nutrient Pollution Prevention and Reduction in the Lower Prut Basin through Complex Monitoring of the Quality of the Environment	Cahul Ecologic Consultations Centre	-promotes BAP with farmers
The Reduction of Nutrient Pollution in the Danube Hydrographical Basin through the Promotion and Use of Good Agriculture Practices	Public Association "Cutezatorul"	-BAP
SERBIA AND MONTENEGRO		
Organic Agriculture – A step forward to protect the DRB	Terra's	
Promotion of BAT with Alternative Industrial Wastewater Treatment Methods which Enable Efficient Elimination of Nutrients and Toxics from Intensive Farming and Food Production Sectors	Initiative for Democratic Transition (DTI), Belgrade	
SLOVENIA		
Effective Water Protection in Rural Areas, Podonavje, Using Eco-remediation	Institute for Environmental Protection Promotion	-includes education program for farmers
Underground Water and Farmers	Society "Krnica"	
Individual Waste Water Cleaning Systems for Households and Farms in the Areas of Dispersed Settlements	ICRO, Institute for Integral Development and Environment	-cesspits on farms
ROMANIA		
Preventing and Reducing Nutrient Pollution from Agro-Zoo Technical Sources in the Olt River Basin	Association for Sustainable Development Slatina	"Agro-zoo"?
Cooperation to Reduce Nutrient Pollution from Agricultural Sources in Ilfov County	Ecological Club UNESCO Pro Natura	Promote BAP
Clean Land, Rich Man!	Alma-Ro Association	Farmers included
Action Plan to Reduce Nutrient and Pesticide Pollution in Maramures	GREEN VALLEY Association	Promote BAP
Clean Waters, Without Nutrients, Through Natural Fertilisers	Association for Ecology and Sustainable Development Iasi	Animal farm waste included
